Also present was the City Secretary, YBrs. Hjh Ir Rosnani binti Haji Mahmood and heads of departments.

PROGRAM PEMBERIAN BANTUAN MAKANAN SEMPENA HARI RAYA AIDILFITRI KEPADA WIRA-WIRA BARISAN HADAPAN MBSP & MBPP – 13 MEI 2021

CIRCULAR ECONOMY PASCA COVID-19 - PUSAT PENDIDIKAN HIJAU, SPU - 16 MEI 2021

CIRCULAR ECONOMY PASCA COVID-19 - PUSAT PENDIDIKAN HIJAU, SPU - 16 MEI 2021

Pusat Pendidikan Hijau bersebelahan Depo Padang Cempedak, SPU telah diwujudkan dengan kolaborasi antara Majlis Bandaraya Seberang Perai (MBSP), Universiti Pendidikan Sultan Idris (UPSI) dan URBANEST pada 23 Mac 2021. Hari ini merupakan kali pertama hasil tuaian dipetik sebanyak 28 kilogram sayuran yang mana model ini merupakan *Model Circular Economy* untuk Komuniti.

Projek ini menggunakan baja organik yang dikumpulkan melalui teknik Kompos yang mana hasil buangan organik dari pasar awam lebih kurang 200 kilogram sehari dikumpulkan dan diproses menggunakan teknologi moden menjadi baja Kompos. Tanaman di sini tidak perlu dijaga sepanjang masa dan hanya perlu memastikan nutrien dalam kandungan baja kompos berkenaan dalam keadaan yang sesuai.

Projek ini juga telah dipersetujui oleh Syarikat Gagasan Makmur Sejahtera (pemilik Medan Selera Leyparking, BM City) yang akan membeli hasil tuaian di pusat ini dan diedarkan semula kepada peniaga medan selera sekitar kawasan ini. Konsep Circular Economy ialah sisa bahan mentah dari pasar awam yang biasanya dibuang akan dijadikan baja Kompos untuk kegunaan pembajaan di pusat ini. Hasil tuaian ini pula akan dibawa ke pasar awam dan medan selera untuk dijual semula. Ini yang dikatakan Circular Economy iaitu berlaku proses kitaran yang lengkap dan mengurangkan pembaziran serta hasil buangan hampir 100 peratus tidak dibawa ke tapak pelupusan sampah yang mana sisa buangan digunakan semula dan menyebabkan penjimatan dan kecekapan menggunakan sumber.

Cabaran yang dihadapi dalam projek ini ialah:

1. Menyakinkan penduduk berkenaan program ini yang banyak memberi manfaat kepada mereka.
2. Penduduk perlu menjalani latihan kerana projek ini menggunakan teknologi moden dalam mengusahakan tanaman ini.
3. Bekalan yang berterusan bagi peniaga pasar awam dan medan selera yang mana memerlukan bekalan setiap hari untuk jualan. Oleh itu, kita perlu mendapatkan banyak penyertaan dari penduduk supaya tanaman boleh dibuat di rumah mereka serta dapat membekalkan sekurang-kurangnya bagi daerah SPU dahulu dan seterusnya ke daerah yang lain.

Tapak tanah berkeluasan 20 x 20 kaki boleh menghasilkan lebih kurang 600 pokok yang boleh di tanam di atas tanah secara konvensional. Manakala tapak tanah berkeluasan 20 x 20 kaki yang ditanam secara teknik Hidroponik pula boleh memuatkan lebih kurang 1,450 pokok. Oleh itu, kaedah ini boleh memberikan hasil yang baik dan tanaman juga boleh diambil dari rumah ke rumah mengikut syarat yang akan ditetapkan kelak dalam projek ini. MBSP yakin kaedah ini boleh menjadi sumber ekonomi baharu Pasca Covid-19 kepada penduduk Seberang Perai.

CIRCULAR ECONOMY PASCA COVID-19 - PUSAT PENDIDIKAN HIJAU, SPU - 16 MEI 2021

The Green Education Center next to Padang Cempedak Depot, SPU was established with the collaboration with Seberang Perai City Council (MBSP), Sultan Idris University of Education (UPSI) and URBANEST on 23rd March 2021. Today, 28 kilograms of vegetables have been harvested for the first time. This is a Circular Economy Model for the community.

The project uses organic fertilizer collected through composting technique where organic waste produced from the public market of approximately 200 kilograms per day are collected and processed using modern technology into compost fertilizer. Crops here do not need to be taken care of all the time and only needs to ensure the nutrients in the compost fertilizer content are in the appropriate conditions.

The project has also been agreed by Gagasan Makmur Sejahtera Company (owner of Medan Selera Leyparking, BM City) who will buy the produce from this center and then redistribute them to food court traders around the area. The concept of Circular Economy is that raw material waste from the public market that is usually discarded will be used as compost fertilizer for fertilization purpose in this center. The harvest will be delivered to public markets and food courts for resale. This is what it means by Circular Economy, whereby a complete cycle process takes place while reducing wastage and almost 100 percent of waste will not be taken to the landfills as the waste is reused and results in savings and efficiency in resources utilization.

The challenges faced in this project are:

1. *To convince the residents that this programme will largely benefits them.*
2. *Residents need to undergo training because this project uses modern technology in cultivating the crops.*
3. *Continuous supply to public market and food court traders who need daily supplies for sale. Therefore, we need to get high participation from the residents so that the crops can be cultivated in their homes and be able to supply to at least the SPU district as a start and then extend to the other districts.*

A plot of land measuring 20 x 20 feet can produce approximately 600 trees that can be planted on the ground conventionally. While land with an area of 20 x 20 feet planted by hydroponic technique can accommodate about 1,450 trees. Therefore, this method can deliver good results and crops can also be taken from house to house according to the conditions that will be set later in this project. MBSP is confident that this method can be a new economic resource post Covid-19 for the people of Seberang Perai.

PENYERAHAN SUMBANGAN IKHLAS - 4 JUN 2021

SUBMISSION OF DONATIONS - 4 JUNE 2021

Penyerahan sumbangan ikhlas kepada Encik Muhammad Khairul Firdaus Bin Saad (Pembantu Awam Jabatan Pengurusan Krisis MBSP) dan Encik Mohamad Norazwan Bin Majid (Pembantu Awam Jabatan Perkhidmatan Perbandaran MBSP) bagi meringankan beban terhadap anak mereka yang mengalami masalah kesihatan. Sumbangan juga turut diberikan kepada keluarga Allahyarham Mohamad Faizal Bin Nordin (Pemandu Kontrak Jabatan Pengurusan Krisis MBSP) yang telah meninggal dunia. Semua sumbangan ini adalah hasil kutipan derma dari seluruh warga kerja MBSP yang prihatin terhadap nasib yang menimpa mereka. Penyerahan sumbangan telah disampaikan oleh Datuk Bandar Seberang Perai YBhg. Dato' Sr Haji Rozali Bin Haji Mohamud.

Submission of donations to Encik Muhammad Khairul Firdaus bin Saad (Public Assistant of MBSP Crisis Management Department) and Encik Mohamad Norazwan bin Majid (Public Assistant of MBSP Municipal Services Department) to ease their burden towards their children who are having health problems. Contributions were also given to the family of the late Mohamad Faizal bin Nordin (Contract Driver of the MBSP Crisis Management Department) who has passed away. All these contributions are donations collected from all MBSP employees who are concerned about the fate that befell them. The donation was handed over by the Mayor of Seberang Perai, YBhg. Dato' Sr Haji Rozali bin Haji Mohamud.

PENYERAHAN SUMBANGAN CSR KEPADA PETUGAS BARISAN HADAPAN - 9 JUN 2021

SUBMISSION OF CSR CONTRIBUTIONS TO FRONT LINE OFFICERS - 9TH JUNE 2021

Majlis Bandaraya Seberang Perai telah menerima sumbangan CSR sebanyak 10,000 keping pelitup mulut dan hidung, 10 unit pengimbas suhu, 100 unit pelindung muka. Sumbangan telah disampaikan oleh Encik Saw Kok Peng, Pengarah Urusan Welepeq Sdn. Bhd. kepada YBhg. Dato' Sr Haji Rozali Bin Haji Mohamud, Datuk Bandar Seberang Perai. MBSP juga turut menerima sumbangan CSR sebanyak 26000 keping pelitup muka, 100 botol Hand Sanitizer dan 10 tong Hand Sanitizer (Refill) dari Persatuan Kuari Pulau Pinang (PQA)

Pihak Majlis mengucapkan ribuan terima kasih kesemua penyumbang atas keprihatinan mereka terhadap petugas barisan hadapan MBSP dalam melaksanakan tugas bagi mencegah penularan wabak Covid-19.

Seberang Perai City Council has received a CSR contributions of 10,000 pieces of mouth and nose masks, 10 units of temperature scanners and 100 units of face masks. The contribution was presented by Mr. Saw Kok Peng, Managing Director of Welepeq Sdn. Bhd. to YBhg. Dato' Sr Haji Rozali bin Haji Mohamud, mayor of Seberang Perai. MBSP also received a CSR contributions of 26,000 pieces of face masks, 100 bottles of hand sanitizer and 10 barrels of hand sanitizer (Refill) from the Penang Quarry Association (PQA).

The council would like to thank all the contributors for their concern for the MBSP front line officers in carrying out their duties to prevent the spread of the Covid-19 epidemic.
