“MAJLIS PERASMIAN PENGGUNAAN JENTERA *SKYLIFT* TERKINI BAGI PENYELENGGARAAN LANDSKAP DAN PENGURUSAN BENCANA SEBERANG PERAI - 3 APRIL 2023 ”

"OPENING CEREMONY OF THE USE OF LATEST SKYLIFT MACHINERY FOR LANDSCAPE MAINTENANCE AND DISASTER MANAGEMENT OF SEBERANG PERAI – 3 APRIL 2023"

Yang Berhormat Tuan Jagdeep Singh Deo a/l Karpal Singh, EXCO Perumahan, Kerajaan Tempatan Dan Perancangan Bandar & Desa telah merasmikan Penggunaan Jentera Skylift Terkini Bagi Penyelenggaraan Landskap dan Pengurusan Bencana Seberang Perai di Menara Bandaraya, MBSP. Turut hadir bersama ialah YBhg. Dato' Azhar bin Hj Arshad, Datuk Bandar Seberang Perai, barisan Whip dan Ahli-Ahli Majlis MBSP, Tuan Setiausaha Bandaraya serta Ketua-ketua Jabatan MBSP.

MBSP sebelum ini telah mempunyai lapan unit jentera skylift bagi melaksanakan kerja-kerja penyelenggaraan pokok serta bencana di seluruh Seberang Perai yang meliputi kawasan seluas 751 KM persegi. Hal ini menyebabkan kesukaran untuk menyelesaikan penyelenggaraan dengan cepat serta menyelesaikan aduan-aduan penduduk.

Justeru, Tahun ini MBSP telah membeli enam (6) unit jentera skylift baharu yang merupakan antara keluaran terawal bagi unit pemasangan tempatan untuk skylift berjenama Tadano yang dipasangkan di lori Hino. Skylift ini mampu mencapai ketinggian sehingga 22 meter. Lima (5) daripada jentera ini akan diserahkan kepada Jabatan Landskap untuk tujuan penyelenggaraan pokok, manakala satu (1) lagi akan diserahkan kepada Jabatan Pengurusan Krisis untuk tujuan menyelesaikan bencana dan aduan.

Pembelian jentera skylift baharu ini diharapkan dapat membantu MBSP mengharungi cabaran dan keperluan penggunaan jentera skylift yang semakin meningkat terutamanya dalam melancarkan kerja-kerja penyelenggaraan pokok, pemangkasan ranting-ranting pokok, operasi penguatkuasaan dan kerja-kerja pembersihan ketika dan selepas bencana (ancaman ribut petir dan banjir).

Yang Berhormat Tuan Jagdeep Singh Deo a/l Karpal Singh, EXCO of Housing, Local Government and Town & Country Planning has officiated the Use of the Latest Skylift Machinery for Landscape Maintenance and Disaster Management of Seberang Perai at city tower, MBSP. Also present were YBhg. Dato' Azhar bin Hj Arshad, mayor of Seberang Perai, Whip and MBSP council members, City Secretary and MBSP department heads.

MBSP previously had eight units of skylift machinery to carry out tree maintenance and disaster works throughout Seberang Perai covering an area of 751 sq km. This has caused difficulties in resolving maintenance work quickly as well as resolving complaints coming from the residents.

Thus, this year MBSP has purchased six (6) units of new skylift machinery which is one of the earliest releases of the local assembly unit for the Tadano-branded skylift, assembled on the Hino lorry. This skylift is capable of reaching a height of up to 22 meters. Five (5) of these machinery will be handed over to the Landscape Department for tree maintenance purposes, while one (1) will be handed over to the Crisis Management Department for the purpose of resolving disasters and complaints.

The purchase of the new skylift machinery is expected to help MBSP overcome the challenges and growing needs of skylift machinery especially in tree maintenance works, pruning branches, enforcement operations and clean-up works during and after disasters (threats from thunderstorms and floods).
