Encik Tan Chee Teong, Ahli Majlis MBSP merangkap Pengerusi Jawatankuasa Induk LA21 MBSP, barisan Ahli-Ahli Majlis MBSP, Ketua-ketua Jabatan serta pegawai kanan MBSP, YBhg. Dato' Philip Kang Chun Keong, Pengarah Urusan Cycle Tren Industries Sdn Bhd, Mr. Ji Hoon, Pengurus Besar Tsuneishi Kamtecs Corporation dan wakil penduduk Seberang Perai yang menyertai pertandingan ini.

MBSP bersama-sama dengan Cycle Trend Industries Sdn. Bhd. dan juga Tsuneishi Kamtecs Corporation telah menganjurkan pertandingan ini bertujuan untuk melibatkan serta menggalakkan pusat-pusat kitar semula komuniti dalam usaha mengumpul dan melupuskan e-sisa (*e-waste*) mengikut prosedur yang betul di Seberang Perai. Melalui pertandingan ini, para peserta telah berjaya mengumpul sebanyak 25,802 kilogram bermula pada 1 Januari 2022 hingga 30 Oktober 2022 untuk dilupuskan dengan cara yang betul.

Barangan Elektrik dan Elektronik adalah e-sisa bahaya yang perlu dilupuskan dengan cara yang betul. Pelupusan e-sisa dengan cara yang tidak betul akan menyebabkan implikasi negatif kepada alam sekitar dan juga manusia. Lambakan sampah yang terdiri daripada barangan elektrik dan elektronik akan menimbulkan isu kerana komponen di dalam e-sisa mengandungi bahan-bahan toksik dan berbahaya seperti merkuri, plumbum, kadmium, arsenik, bromin, berlium, dan pelbagai lagi yang akan meresap ke dalam bumi dan seterusnya ke sumber air serta mengancam hidupan akuatik dan manusia jika e-sisa tidak dilupuskan secara mesra alam.

Program ini merupakan salah satu inisiatif Hijau MBSP untuk memberi pendidikan kepada penduduk Seberang Perai tentang bahayanya e-sisa jika tidak diurus dengan betul dapat memberi kesan kepada alam disamping pemberian insentif yang diberikan untuk memberi galakkan kepada penduduk bagi mengumpul dan menjual barangan e-sisa kepada agen pelupusan yang sah.

Tahniah juga diucapkan kepada Pusat Kitar Semula RT Taman Sri Rambai Fasa II & III kerana telah menjadi Johan dalam pertandingan ini dengan mengumpul sebanyak 8,909 KG e-sisa manakala tempat kedua pula dimenangi oleh Yayasan Humanistik dengan mengumpul sebanyak 7730 KG e-sisa dan tempat ketiga pula dimenangi oleh Pusat Sumber Alam Sekitar Taman Sri Rambai Fasa 4 dengan mengumpul sebanyak 2,325 KG e-sisa.

YB Tuan H'ng Mooi Lye, EXCO of Penang State Local Government, Town and Country Planning has launched the Prize Presentation Ceremony for the Seberang Perai Household Used Electrical and Electronic Goods Collection Competition 2022 which took place at Dewan Kenanga, City Tower, MBSP. YBhg. Dato' Azhar bin Hj Arshad, Mayor of Seberang Perai, YBrs. Mr. Tan Chee Teong, MBSP councillor and chairman of the MBSP LA21 Parent Committee, the line-up of MBSP councillors, heads of departments and senior officers of MBSP, YBhg. Dato' Philip Kang Chun Keong, Managing Director of Cycle Tren Industries Sdn Bhd, Mr. Ji Hoon, General Manager of Tsuneishi Kamtecs Corporation and representative of Seberang Perai residents who participated in this competition were present to welcome YB EXCO's arrival.

MBSP together with Cycle Trend Industries Sdn. Bhd. and also Tsuneishi Kamtecs Corporation has organized this competition, aiming to involve and encourage community recycling centers in efforts to collect and dispose of e-waste (e-waste) according to the correct procedure in Seberang Perai. Through this competition, the participants have managed to collect 25,802 kilograms from 1st January 2022 to 30th October 2022 to be disposed of in the correct way.

Electrical and Electronic goods are hazardous e-waste that must be disposed of in a proper manner. Improper disposal of e-waste will cause negative implications for the environment and humans. The dumping of waste consisting of electrical and electronic goods will cause problems because components in e-waste contain toxic and dangerous substances such as mercury, lead, cadmium, arsenic, bromine, berlium, and many more that will seep into the earth and beyond to water sources as well as threatening aquatic life and humans if e-waste is not disposed of in an environmentally friendly manner.

This programme is one of MBSP's green initiatives to educate the residents of Seberang Perai about the dangers of e-waste that can affect the environment if not managed properly, as well as to provide incentives to encourage residents to collect and sell e-waste to authorised disposal agents.

Congratulations to the RT Taman Sri Rambai Phase II & III Recycling Center for being the Champion in this competition by collecting 8,909 KG of e-waste while the second place was won by Yayasan Humanistik by collecting 7730 KG of e-waste and the third place won by Taman Sri Rambai Phase 4 Environmental Resource Center by collecting 2,325 KG of e-waste.
